

THE OPENFLOW MARKET - A COMMUNITY-CENTRIC MARKET EMBRACING GREEN SPACES

THE CULINARY HUB - A VIBRANT SQUARE OF SOCIAL CONNECTIONS

Openflow market hosting 25 market stalls, is a regular hub of commerce and community engagement. However, on special occasions, its layout transforms, oh wait, it's not only a market! it's a conference allowing the stalls to be ingeniously grouped together, creating ample space for an array of captivating public activities. This ingenious adaptation enriches the city's cultural and tourist agenda, fostering a dynamic and captivating atmosphere that leaves visitors enchanted and locals proud of their vibrant urban landscape. sport facility art show food festival and whatever it's needed. talks and conferences time open flow market can litest 500 seater **ENERGY ROOF** Renewable energy roof characterized by a system of photovoltal panels Common public canopy accessible from the market, characterized by greenery **CLOSED MARKET AND KITCHENS** Part of the market where is possible to find closed stands, open kitchens and spaces for serving food on the top of the canopy **OPEN STRUCTURE** This light structure comprehends the accessibility to the canopy's foof STANDS . 25 sales point for sellers under the common canopy ACCESSIBILITY The permeability of the market is achieved through different kinds of stairs, ramps ACCESSIBILITY Spiral staircase accessible from the lower part of the market ACCESSIBILITY The ramp allows a promenade towards the green roof of the canopy, observing the market and the city from above SOCIAL DIALOGUE
